Hi Susan and Karen. Per our conversation yesterday attached are the requested documents. It was lot of info but hopefully arranged in way that makes sense. Please feel free to call me if I have omitted any documents that may be useful or if you have any questions. If not, I look forward to talking to you on Feb 7th. Alanna Conley, 503.326.6831

Milestone dates:

- February 3 - EPA to send revisions to General Portland Harbor message
- Feb 20 - Draft useful fact sheets: Superfund process (see graphic on Community Involvement Plan), Portland Harbor SF site and Why should I be concerned? RA process, What is the FS?, Public involvement in superfund process
- Feb 27 - 10 Things you should know about Portland Harbor - Final Draft
- March 30: FS release
- Early April - Abbreviated, easily understood document that summarizes FS
- Early- mid April: After FS release, hold coordinated FS meetings with LWG (three audiences - Community, Business Assn, Local govt.)

*Lower Willamette Group (LWG)

General Portland Harbor message : clean-up process and milestones (Will send any revisions by Feb 3)

Portland Harbor superfund process and milestones.pptx

Pre-FS message

-- analysis is premature; there aren't decisions, proposals or even alternatives yet available as the basis for such an evaluation
-- we're focused upon completing a quality RI/FS that will provide the science and other information for solid decision-making
-- interest in jobs and other economic impacts (negative AND positive) is understandable, but focus should be on completion of the foundational risk analysis and evaluation of cleanup options
